Male skier cumulative totals (top 3 placings)

1. Mark Davies: 753
2. Alistair Brown: 291
3. Michael Smith: 158

Female skier cumulative totals (top 3 placings)

1. Hilary Field: 285
2. Julie Merriman: 146
3. Lucy Ryan: 140

Club cumulative totals (2007/2008 results in brackets)

London Region: 3244 (3112)
Manchester: 911 (823)
Lakeland: 403 (292)
Yorkshire Dales: 148 (20)
British Masters: 110
Midland: 53

Calculating the results:

- Only races which feature on the Worldloppet, Euroloppet, FIS calendars for the 2008/9 season will be scored.
- Only skiers who belong to an SSE affiliated cross-country ski club will be scored.

- Scores are based on the skier's finishing time expressed as a percentage of the winner's time (male skiers based on male winner; female skiers on female winner). Skiers taking part in Open Track races will be scored against the winner of the competitive event (as long as distances are the same)
- At the end of the season, the winners will be:
 - the male skier with the highest cumulative score
 - the female skier with the highest cumulative score
 - the Snowsport England affiliated club with the highest cumulative score (based on members' results).
- First preference club is taken into account for skiers who are members of more than one club
- Scores are based on times published on the website of the respective race
- Allowance will be made for age, with 10 per cent reduction in percentage finishing time for those aged 40 or over, 20 per cent for those aged 50 or over, 30 per cent for those aged 60 or over, and 40 per cent for those aged 70 or over.
- 60 points are awarded for those finishing within 100-105 per cent of winner's time, reducing by one point per five percent, finally reaching one point for finishing in 395 per cent of winner's time. No skier can earn in excess of 60 points in a race.
